

Dave Lennox *Signature*[®] Collection SLP98V Variable Capacity Gas Furnace

Quiet operation

- » **The Most Efficient and Quietest Furnace You Can Buy!*** – up to nine times quieter than competitive models
- » **SilentComfort™** technology delivers the ultimate in quiet, consistent heating

Home comfort

- » **Precise Comfort™** technology automatically adjusts heat and airflow capacity in increments as small as 1% or larger as needed for the ultimate in temperature control
- » **AirFlex™** technology offers custom airflow settings which can be selected to meet each home's specific year-round comfort requirements

Energy efficiency

- » **Up to 98.2% AFUE** efficiency rating can save you hundreds of dollars each year, compared to standard furnaces
- » **ENERGY STAR®** qualified – meets or exceeds EPA guidelines for energy efficiency
- » **Electrical efficiency** – variable speed motors use two-thirds less electricity in continuous fan mode
- » **Improved cooling efficiency** – when matched with a Lennox air conditioner or heat pump, the SLP98V will improve the system's SEER (Seasonal Energy Efficiency Ratio)**

Reliable performance

- » **Quality you can trust** – designed with reliable, time-tested components
- » **Advanced engineering** includes the most innovative features and rigorous test methods available
- » **Limited lifetime warranty** on heat exchanger
- » **10-year limited warranty** on all remaining covered components

Optimize your system

- » **icomfort™-enabled electronics** – allow the SLP98V to exchange information with other icomfort-enabled components and make adjustments to optimize performance
- » **Dual-fuel heating** – pair the SLP98V with an electric heat pump that alternates between energy sources

As testament to the efficient performance of the SLP98V it has earned the ENERGY STAR label, which means it meets or exceeds guidelines set forth by the U.S. Environmental Protection Agency.

Choosing an ENERGY STAR qualified product like the SLP98V can improve your comfort, while also helping you save energy and money. For other ways to make your home more efficient, visit ItPaysToLiveSmart.com.

*Based on sound pressure levels during steady-state, high-fire operation of Lennox SLP9-36B-070 and leading competitive units at midpoint temperature rise and minimum external static pressure when set up per Section 4.5.3 of AHRI 260. Efficiency rating established per test standard: ANSI/ASHRAE 103-207.

**Proper sizing and installation of equipment is critical to achieve optimal performance. Verify actual system efficiency at www.ahridirectory.org.

This page is for summary purposes only. Please refer to Lennox product literature for full details.

The SLP98V may be eligible for federal, state or local tax credits, as well as rebate programs from local utility companies. Please consult your tax advisor for more information.
